Sample:
VOL21287061
VOL20443061
VOL20443062
VOL21287062

Sample: VOL20994418 (c/w mounting Plate)

Note:
Stabiliser Bars ball joints, to suit Volvo, have increased in thread size and cone since the release of the original Stabiliser Bar with an outer thread size of 22mm. The later model 435mm stabiliser bar (VOL20994418) was then release with an outer thread size of 24mm at the Stabiliser Mounting Plate bar and 22mm at the Anti-Roll Bar end and includes the mounting plate with the Stabiliser Bar. The latest 435mm & 380mm Stabiliser Bars now have 24mm outer thread at the Anti-Roll Bar end and the Stabiliser Mounting Plate end.
